**I don't get sick anymore**

By Deborah Larson on October 21, 2016

I've had problems for YEARS getting sick with sinus and upper respiratory infections. It started with a cold and always built into something more. With the MANY benefits of cayenne, I'm feeling much better. My nose isn't constantly plugged anymore. I have limited post nasal drip, and I can sleep all night and breathe through my nose. This has definitely been a life saver for a long time

### Feel the burn!

By [M. Louis](#) on March 23, 2016

My family and friends think I am crazy for voluntarily ingesting cayenne pepper. There are so many great health benefits to taking this hot pepper. I take it mainly for cardiovascular health as well as for digestion. If you take it on an empty stomach you will probably feel a slight warming sensation in your stomach, which is not painful, but definitely a warming feeling. If this bothers you, just take it before or after a meal and you will be fine. I take two pills a day, and the dosage seems to be just right for me. Now Foods always makes a high quality product and this one is no exception. Go ahead and give it a try, I think you'll like it.
